

Community Partnerships

Child Fatality Task Force

This local task force was established in 1991 after the North Carolina General Assembly created the NC Child Fatality Task Force to address the issue of preventable child deaths. It is chaired by the Health Director or designee. It conducts multi-agency/interagency reviews of all infant and child deaths to identify system problems, make recommendations, and document actions by the Child Fatality Prevention Task Force to prevent future deaths.

MooreHealth (Healthy Carolinians Task Force)

MooreHealth is a volunteer community organization committed to developing cooperative planning that promotes health and improves the quality-of-life for the residents of Moore County. This organization, composed of representatives from a broad spectrum of the community, will provide a mechanism for innovative, cost-effective and challenging approaches for a healthier tomorrow by coordinating resources of Moore County for the greater benefit of its residents.
